Hi there,

I work for commercial real estate firm Colliers International in Los Angeles, and a couple of brokers here are working to put a pitch together to sell a property in

Koreatown. Wondering if you could tell me whether Koreatown has been recognized recently in any publications or with any fun awards? For example, "Top 100 Best Places to Live" or "25 Most Walkable Neighborhoods" or something.

We are working with a tight deadline, so are hoping to get information by end of day tomorrow and appreciate any tidbits you can offer.

Thank you!
